"Knowing how to think empowers you far beyond those who know only what to think".

- Neil deGrasse Tyson -

Railton Santos

Full Stack Developer

About Me

I am a Creative Full Stack Developer, with 6+ years experience working with web/app solutions, who has passion for making users life easier!

PHP and **JS** are my two main weapons as my knowledge pool includes [React Native](#), [Gatsby](#), [VueJs](#), [MySQL](#), [NodeJs](#) and some cool tools such as [WebPack](#), [Gulp](#), [Grunt](#)...

I also have a large background with UI design... I'm able to perform great tasks and create pretty layouts using [Photoshop](#), [Illustrator](#), [InVision](#)...

I like to kill bugs while drinking strong coffee!

Latest Experiences

Full-stack developer

July/2020 - Present

Acting as a self employer I perform all the steps of a project development to provide the best solution according to the customer needs... Mainly building large scale websites and web application solutions always with a fine touch of creativity and caring...

General labour

Tecside – July/2020 – Dec/2020

During the pandemic I decided to spend some time working in factory of insulated wall panel. Learned some new team skills and developed some more abilities on how to work and take decisions in a completely different environment than what I'm used to.

UI Designer & Front-end developer

Brightfox – Jan/2017 – June/2020

As the UI design team leader and Front-end developer I proudly worked with several great real estate developers to provide the best softwares to access their most important sales data... From websites, sales portal, crm to interactive applications for iPad, iPhone, Kiosk... We were able to attend the most vary needs to help the sales people to close their agreements.

Front-end developer

Margin Media – Sep/2016 – Dec/2020

On my first oportunity working in digital agency outside my home country I did my best to provide great solutions for the website projects I was responsible for... Also created some animated web advertisements for great companies using html5 and pure js.

Front-end developer

W5 Publicidade (Brazil) – Aug/2013 – Sep/2015

Responsible for co-leading the development department of the company, I proudly worked with some of the greatest companies in Brazil and also some clients from France and USA... I acted as a creative developer trying to always create the best comunication between the design and the development and provide the best experience to our clients.
